# COVER LETTER

**Dear Interviewer,**

**My name is Argen,** and I am writing to express my interest in the Digital Marketing position at your company. I am 23 years old and hold a degree in computer engineering; however, I chose to pursue a career in marketing several years ago and have found my passion in digital marketing.

My primary goal is to work in large companies, in the **premier league**, alongside the best professionals in the field. Being in such an environment motivates me to develop more rapidly and set ambitious goals for myself. I aspire not only to advance my career but also to grow personally and spiritually, and I firmly believe that working with a strong team in an international setting is the best path to achieving this.

I am willing to make significant efforts to reach my goals and am open to new challenges. I am considering **relocation to gain experience in other countries** and am ready to adapt to new conditions to become part of a team of leaders.

I would be delighted to discuss how my skills and aspirations could contribute to your company. Thank you in advance for this opportunity.

*Sincerely,*  
*Argen Bekbolotov*
